## EDUCATION AND TRAINING SERVICES

**1985:** Graduated from Saint George Lyceum at Larnaca with top Grade A (19/21 out of 20).

**1985-1987:** 26 months Service in the Cyprus Military.

**1987-1993:** Study at the Medical School of Ioannina – GR. For the first three years (1988-1991) I gained a scholarship from the IKY (Foundation of National Scholarships) which is granted to grade A students, of each year.

**November 1993:** Graduation from Medical School with a grade 8 and 27/67 (very good).

**April 1994-April 1995:** Service at the Pathology Clinic of the Ioannina University Hospital for the appropriate training in pathology in order to proceed to cardiology training.

**April 1995-July 1996:** During my stay for the continuation of my specialty I was working as a supernumerary doctor for another 6 months at the General Medicine followed by another 10 months at the University Clinic of Cardiology.

**July 1996-July 1999:** Service at the Clinic of Cardiology at the Ioannina University Hospital in order to obtain Cardiology accreditation (Director; Professor Demetrios Sideris).

**08 of September 1999:** Obtaining Specialty in Cardiology after exams (License No. 15387/1998), Prefecture of Ioannina.

**19 September-19 December 1999:** Additional practice at the Ultrasound Department of the Ioannina University Clinic of Cardiology on Transesophageal and Stress Echo. 2000

**14 of February – 31 of May 2003:** I worked as specialist Cardiologist at the American Heart Institute (Cardiac Surgery Center) in Nicosia with my main duties been the running of the cardiac lab (Exercise Test, Echocardiography, Stress Echo, Nuclear studies), inpatient care (ICU and ward) and the running of the outpatient cardiothoracic clinic. My active participation in the catheterization laboratory during the above period as far as performing coronary angiographies, assisting angioplasties (PTCA) and the implantation of permanent pacemakers, was on daily basis.

## **CURRENT POSITION**

Since 01/06/2003 I remain a Private Cardiologist at the Apollonion Private Hospital in Nicosia, where apart from my outpatient consultations I am able to conduct the following: a) Transthoracic and Transesophageal ultrasound as well as Dobutamine Stress Echo, b) Exercise Tolerance Tests, c) 24 and 48 hours recordings of the cardiac rhythm and the blood pressure (Holter), d) Treatment of any kind of severe acute cardiac events e.g. arrhythmias and Myocardial Infarction at the Intensive Care Unit, e) Electrical Cardioversion of arrhythmias e.g. Atrial Fibrillation, f) Tilt table tests, g) Perform 64 slices CT angiogram (special training) and h) perform carotid duplex.

Work Address: Apollonion Private Hospital – 20, Lefkotheou Avenue, 2054 Strovolos, Nicosia.

Telephone no.: 22469000, 99468560 Fax: 22469235

Email: [econocostas@cytanet.com.cy](mailto:econocostas@cytanet.com.cy)
